### Secretary of State Brad Raffensperger

Office of the Secretary of State  
214 State Capitol  
Atlanta, GA 30334

Dear Secretary Raffensperger,

I am writing on behalf of the residents of House District 96, which includes Norcross, Duluth, and portions of unincorporated Gwinnett County, to respectfully request clarity regarding the current process being used to identify and remove nearly 480,000 *inactive* voters from Georgia's voter rolls.

Given the significance of this action and its potential impact on access to the ballot, I am seeking a detailed explanation of:

1. **The criteria used to define an *inactive* voter**, including what specific actions or inactions result in that classification.
2. **The timeline and communication methods** being used to notify impacted voters of their pending removal.
3. **The procedures in place for voters to confirm, update, or restore their registration status** once they have been notified.
4. **The verification process** to ensure voters are not erroneously removed due to factors such as mail delivery errors, data mismatches, or recent relocations.
5. **Any safeguards** being employed to protect voters from exclusion, particularly in communities historically underrepresented in the electoral process.

Transparency and trust in the electoral process are paramount to sustaining a healthy democracy. As a duly elected representative, I have a duty to ensure my constituents' rights are not jeopardized by administrative procedures that may be unclear or inconsistently applied.

I respectfully request a response at your earliest convenience and welcome the opportunity to discuss ways we can work together to maintain election integrity while upholding every Georgian's fundamental right to vote.

Sincerely,

**Dr. Arlene Beckles**

District 96
